2023 Open Enrollment

Open Enrollment for the 2023 plan year runs from November 14 to November 27, 2022. During this time, you must enroll in and/or decline coverage for the coming year. The effective date of benefits selected is January 1, 2023.

How Do I Enroll?

2023 benefits enrollment is to be completed via the city's Workday platform.

Can I Change My Benefits?

After the Open Enrollment period ends on November 27, 2022, the benefits you chose will be in place from January 1 to December 31 of the following year. You cannot change your benefits during this time unless you have a **qualifying life event**.

Once Workday launches on November 14, 2022, many of our forms will become obsolete. So instead of emailing most forms, you will complete processes through Workday.

Medical

What medical plans are available?

The City of Boulder offers two distinct medical plans, both through Cigna. One is the Preferred Provider Organization Plan (PPO or “Copay”) plan and the other is the High Deductible Health Plan (HDHP) plan. The plan designs differ based on a variety of factors including: deductibles, out-of-pocket maximums, and cost sharing with Cigna. The plan designs have no effect on the quality of care you receive.

The medical plan options are as follows:

- Cigna Preferred Provider Organization Plan (PPO or “Copay”)
- Cigna High Deductible Health Plan (HDHP)

What you can expect

100% Coverage for Your Preventive Care.

All of our medical plans pay 100% for preventive care when you use in-network providers, even before you meet your annual deductible.

Employer HSA Contribution

- Our high deductible health plan (HDHP) is eligible for a health savings account (HSA), which lets you save money for medical expenses.
- The City of Boulder will contribute up to **\$500 for individuals** and up to **\$1,000 for families** if you enroll in the city HDHP and meet the qualifications to have an HSA.

PPO (“Copay”) Plan

How it Works

Copay: A copay is the fixed dollar amount you pay when you use medical services. For example, your plan could require you to pay \$25 for primary care doctors, \$50 for specialists, and \$15 for generic prescription drugs. When you go to the doctor or fill a prescription, this is the amount you’ll pay.

Deductible: The city’s copay plan has a deductible. For medical services for which a deductible applies, you will be required to pay the full cost of services until you meet your deductible. For example, if you visit your primary care physician, you pay a \$25 copay for the visit. If you receive services during the visit, such as lab work or diagnostic testing, the cost of service is subject to your deductible. Copays do not count toward your deductible.

Coinsurance: The copay plan has coinsurance (the cost sharing with Cigna). Once you meet your deductible, you pay coinsurance for medical services received until you satisfy your annual out-of-pocket maximum.

Annual Out-of-Pocket Maximum: The copay plan has an annual out-of-pocket maximum. Copays, deductible, and coinsurance count toward your out-of-pocket maximum. If you reach your out-of-pocket maximum, the insurance company pays 100% of covered medical services for the remainder of the plan year.

Advantages

- You’ll have a set dollar amount, or copay, when you visit the doctor and pharmacy
- Works well for people who do not want to pay the full cost of a medical bill or prescription out-of-pocket and prefer the predictability of copays
- Makes sense for people who are willing to pay a higher premium each month for the security of knowing how much they will pay when they visit the doctor
- 100% coverage for preventive care when you use in-network providers
- Telehealth, Dispatch Health, Behavioral Health coverage, and other comprehensive options are available with this plan

How Deductible Copay Plans Work

Medical

Free Preventive Care

Preventive Services, such as routine physicals, screenings and vaccinations are covered 100% by the health plan. The deductible does not apply to preventive services; they're covered from day one.

Annual Deductible

Most diagnostic services are billed on top of your copay and are applied to your annual deductible. Your copays are not subject to deductible but go toward your out-of-pocket maximum. Until your out-of-pocket maximum is met, you will pay set copays determined by your health plan.

Coinsurance

Once your deductible has been met, you pay 20% while Cigna pays 80% for in-network medical services. Each covered individual is subject to an individual deductible limit.

Out-of-Pocket Maximum

When you have reached your out-of-pocket maximum, your health plan pays 100% of any additional health cost. Cigna's out-of-pocket maximums are \$4,500 individual/\$9,000 family.

High Deductible Health Plan (HDHP)

How it Works

High deductible health plans are designed to help keep premium costs low for you and your family. How much you pay out-of-pocket depends on two things: your deductible and out-of-pocket maximum.

Deductible: You are expected to pay the full charges for services until you meet the deductible.

HSA Helps You Pay Your Deductible: Your HDHP with the City of Boulder is HSA qualified and eligible for an employer contribution of up to \$500 per year for employee only coverage or up to \$1,000 per year for family coverage. You can use your HSA to cover eligible medical expenses.

Coinsurance: Once you meet your deductible, you share in coinsurance with Cigna, meaning, Cigna will pay 80% of your in-network medical costs and 60% of your out-of-network costs.

Annual Out-of-Pocket Maximum: You'll continue to pay coinsurance until you meet your out-of-pocket maximum. If you reach your out-of-pocket maximum, the insurance company pays 100% of medical services.

Advantages

- The monthly premiums are lower than the PPO plan
- If you enroll in the HDHP, you're eligible for an HSA to help pay for eligible medical expenses while also lowering your taxable income
- HSA funds roll over from year-to-year and are portable
- Works well for those who are not anticipating frequent or significant medical expenses for the upcoming year
- 100% coverage for preventive care when you use in-network providers
- Telehealth, Dispatch Health, Behavioral Health coverage, and other comprehensive options are available with this plan

 **Medical**

How High Deductible Health Plans Work

Medical

Free Preventive Care

Preventive Services, such as routine physicals, screenings and vaccinations are covered 100% by the health plan. The deductible does not apply to preventive services; they're covered from day one.

Annual Deductible

For services other than preventive care, you are responsible for the full cost of services until your deductible is met.

Coinsurance

Once your deductible has been met, you pay 20% while Cigna pays 80% for in-network medical services. For those with family coverage, the full family deductible must be met before any individual coinsurance applies.

Out-of-Pocket Maximum

When you have reached your out-of-pocket maximum, your health plan pays 100% of any additional health cost. Cigna's out-of-pocket maximums are \$5,000 individual/\$10,000 family.

A Little Help to Make the Decision Easier

Please note that these examples below are for illustrative purposes only and that cost of care can vary based on procedure, physician billing, and location of services.

Meet Mary

City of Boulder HSA Contribution	N/A	\$500
Total Cost to Mary:	\$1,467.92	\$828.50

Meet Jacob

Employee plus partner
with moderate utilization

Jacob is seeking medical coverage for himself and a spouse. Jacob has asthma and is on routine care with a prescription. His partner seeks mental health support in addition to using the city's EAP. Their yearly care is as follows:

Type of Cost	PPO "Copay" Plan	HDHP
Yearly Premium	\$3,495.18	\$2,950.48
Medical Expenses		
Preventive Care Visit	\$0	\$0
Three Outpatient Mental Health Visits	\$25 copay x 3 = \$75	\$215 x 3 = \$645
Monthly Tier 2 Asthma Prescription	\$45 copay x 12 = \$540.00	\$310.73 x 12 = \$3,728.76
Savings		
City of Boulder Wellness Premium Credit	\$360	\$360
City of Boulder HSA Contribution	N/A	\$1,000

with high utilization

Sophia covers her spouse and son on her plan and is expecting a second child. Sophia is experiencing high blood pressure with this pregnancy which is being treated with a prescription. They are anticipating more medical expenses this year:

Type of Cost	PPO "Copay" Plan	HDHP
Yearly Premium	\$4,881.50	\$4,120.48
Medical Expenses		
Preventive Care Visit	\$0	\$0
6 Specialist OBGYN Office Visits	\$50 copay x 6 = \$300	~\$175 x 6 = \$1,050
Monthly Non-Formulary Brand/Tier 3 Blood Pressure/Heart Prescription	\$60 copay x 12 = \$720	\$9.90 x 12 = \$118.80
Hospital Stay for Labor & Delivery (\$11,000)	\$3,480*	\$8,831.20*
Savings		
City of Boulder Wellness Premium Credit	\$360	\$360
City of Boulder HSA Contribution	N/A	\$1,000
Total Cost to Sophia:	\$9,021.50	\$7,760.48

***Note:** With this high utilization, the maximum out-of-pocket is reached under both plans. Under both the PPO Plan and HDHP Plan, only the individual maximum out of pocket needs to be reached before additional in-network care is covered at 100%.

HSA

How does the HSA work?

A Health Savings Account (HSA) is a type of member-owned savings account that allows you to set aside money on a pre-tax basis to pay for qualified medical expenses. HSA funds roll over year-to-year if you do not spend them and are portable.

You can find a complete list of eligible expenses [here](#).

Eligibility

- You must be enrolled in the City's High Deductible Health Plan (HDHP)
- You cannot have any other first-dollar coverage
 - Military, Medicare, or Tricare coverage
 - A spouse's or parent's PPO plan
- You cannot be claimed as a dependent on someone else's tax return

Your Contribution

Per IRS regulations, the maximum amount you can contribute for 2023 is as follows:

- \$3,850 if you are enrolled in Employee Only (Single) coverage
- \$7,750 if you are enrolled in Family (Two Person or Family) coverage
- **Catch-up contributions:** Employees who turn 55 during the plan year may contribute an additional \$1,000 per year until enrollment into Medicare

Please note that contribution limits reflect the TOTAL amount that may be contributed by both the employee AND the employer.

City of Boulder Contribution

The City of Boulder will also contribute funds into your HSA. Initial deposits from the city will be made after the first pay period in which you have met all the requirements listed in this section. Please note, if you and a spouse are both employed by the city, you are only eligible for an HSA contribution from the city up to \$1,000 annually or prorated if applicable.

City Contribution Schedule

HSA contributions will be made evenly over 26 pay periods. Once your medical coverage begins and your HSA account has been opened and verified, you will begin receiving monthly employer HSA contributions.

- **Employee Only (Single) Coverage:** up to \$500 deposit per year
- **Family Coverage (Two Person, Family):** up to \$1,000 deposit per year

To receive the City's contribution, you must:

- Be enrolled in the city's High Deductible Health Plan (HDHP) with Cigna
- Open and maintain an HSA account with Alerus

Setting up your HSA account

Starting November 14, employees wishing to enroll in an HSA will do so through Workday.

Once the account has been established with Alerus, you will receive a welcome email to your City of Boulder email address, containing instructions on registering your online profile. This will allow you to authorize how you will be reimbursed. Registration must be completed within 30 days of HSA enrollment.

After your account is active, HSA debit cards will be mailed to your address on file.

Questions? Contact Alerus directly: alerausrb.com, info@aleraus.com or 877-661-4727.

FSA

How does the FSA work?

A Flexible Spending Account (FSA) allows you to set aside pre-tax money from your paycheck to pay for eligible out-of-pocket expenses for healthcare and dependent care.

Healthcare Flexible Spending Account (HCFSA)

Contribute up to \$3,050 per employee (per calendar year) for reimbursement of health-related expenses you may need to pay for out-of-pocket. Expenses can be incurred from January 1, 2023 to March 15, 2024, as long as you are an active participant in the plan. You have access to your full plan year election amount of FSA funds immediately. This plan is a “use it or lose it” as any funds not used in the plan year will be forfeited. There is a grace period to submit for reimbursement through March 31, 2024.

Examples of Eligible Expenses:

- Copays, coinsurance, and deductibles
- Dental and orthodontia expenses
- Contact lenses, eyeglasses, vision surgery
- Hearing aids
- Chiropractic care
- Over the counter medications, with a prescription

You can find a complete list of eligible expenses [here](#).

Dependent Care Flexible Spending Account (DCFSA)

Contribute up to \$5,000 per household (per calendar year) towards out-of-pocket dependent care expenses for children under age 13 and disabled dependents of any age. Expenses can be incurred from January 1, 2023 to March 15, 2024, as long as you are an active participant in the plan. Dependent care expenses are only reimbursable up to what has been deducted from payroll and deposited to your account.

Examples of Eligible Expenses:

- Licensed day care centers for children and disabled dependents
- Costs for family or adult day care facilities
- Babysitters outside or inside your home while you are working
- Day camp expenses (but not overnight camp)

You can find a complete list of eligible expenses [here](#).

How the Alerus Health Benefits Card Works

The Alerus Health Benefits Card draws funds directly from your account to pay for eligible expenses. It can only be used at places where you might obtain medical, dental, vision, or dependent care services with providers accepting Visa. You will use your debit card for the life of your Healthcare Flexible Spending Account. If you lose or misplace your debit card, you will need to contact Alerus at 800-837-4817 to be issued a new card.

For more information, refer to the [FSA Tab](#) on Boulder@Work.

HSA — vs — FSA

An employer-sponsored Alerus HSA account

An employer-sponsored FSA Alerus account

The City of Boulder contributes \$500 individual/\$1,000 family to an HSA through your Alerus account. Remember that Boulder's contributions are calculated as part of the total allowed IRS contributions (see below).

City of Boulder does not contribute to an FSA.

Must be paired with an HDHP. If you have an HSA, you cannot have a Healthcare FSA. You may have a Dependent Care FSA with an HSA.

Compatible with PPO "copay" plan and HDHP. (The Healthcare FSA cannot be paired with an HSA. You may have a Dependent Care FSA with an HSA).

Unused money will be rolled over into the next year. You can invest HSA funds and use earned interest for medical health expenses.

Funds not used by the end of the year are forfeited.

IRS Employee Contribution Limits:
 \$3,850 individual
 \$7,750 family
 \$1,000 55+ Catch-Up

IRS Employee Contribution Limits:
 \$3,050 individual/family
 \$5,000 Dependent Care

Shared benefits: Health Savings Accounts (HSA) and Healthcare Flexible Spending Accounts (FSA) are tax-advantaged accounts that can be used to pay for qualified out-of-pocket medical expenses.

How Do I Earn Wellness Incentives?

All benefits eligible employees can earn up to \$150 in gift card incentives each year by participating in City-wide wellness challenges and events, meeting and achieving personal wellness goals, and more via the **Wellness Portal**.

Wellness Premium Credit

You are eligible to receive an insurance premium credit of \$30 credit per month (\$360 per year) if you are an existing employee or a new hire with the City and enrolled in the Cigna PPO or HDHP medical plan. Beginning in 2023, the credit will be paid evenly over 26 pay periods (\$13.85 per pay period).

Premium Credit Requirements:

You can receive the wellness premium credit if you:

- Are enrolled in a medical plan through the City of Boulder
- Complete ONE of the following actions by October 31 of each plan year:
 - 1) Annual preventative exam with your primary care provider

New hires should complete a Health Assessment on **MyCigna.com** to begin receiving their premium credit in the year in which they are hired.

Employee Recreation Pass

An employee recreation pass is available if you are a benefits eligible existing employee or new hire. You must elect your rec pass during open enrollment for existing employees or during new hire benefits selection. The discounted value of the employee recreation pass is taxable (you will be taxed on \$11.50 per pay period) and the exact amount paid each year depends on your tax bracket.

If you are a non-benefits eligible employee and wish to purchase a recreation pass, please visit the [Well-Being@Work home page](#) for details.

Want to Add a Family Member to Your Rec Pass?

You have the option to purchase recreation center passes for your immediate family members at a discounted fee of \$100 per family member. Family member passes are not taxed on your paycheck and will be prorated based on when they are purchased. Please bring the [Family Affidavit Form](#) into one of the recreation centers to complete this process after you have elected your employee rec pass.

EcoPass Program

The city provides an RTD EcoPass to all standard employees and paid interns free-of-charge. The EcoPass provides unlimited, free rides on most RTD transit services, including the "N" to Eldora Mountain Ski Resort and the Skyride Service to Denver International Airport.

Please request your EcoPass through [Service Depot](#).

New EAP Vendor for 2023: Cigna

Beginning January 1, 2023, the city is pleased to announce Cigna as its new Employee Assistance Program (EAP) vendor! Cigna offers much more robust EAP and additional resources to managers, employees and employee household family members. EAP services through Magellan will be discontinued on December 31, 2022.

EAP is a 24/7/365 program to support employees with issues they may be facing. This program is provided at no cost. Services available include:

- 10 face-to-face or video-based sessions with a counselor in your area for topics such as family and relationships, grief and loss, emotional health, stress management and job/career support
- 30-minute legal assistance with an attorney face-to-face or by phone
- 30-minute financial phone consultation (debt, financial planning, retirement, etc.)
- 60-minute identity theft consultation with a fraud resolution specialist
- Resources and referrals for
 - Parenting: childcare providers, before/after school programs, camps, adoption organization, child development and prenatal care
 - Eldercare: home health agencies, assisted living facilities, social/recreation programs and long-distance caregiving
 - Pet care: pet sitting, obedience training, veterinarians and pet stores

Cigna's EAP network of licensed therapists includes psychologists, counselors, marriage/family therapists and social workers. These providers can evaluate and treat mental health and substance use needs, as well as facilitate referrals to other type of care.

Remember: EAP is completely confidential. The city does not receive information about who accesses which services through EAP. It is as confidential and personal as visiting your family doctor.

Cigna surpassed all the city's program requirements in evaluating EAP vendors, because they:

- Provide on-site services for employees, such as group and individual sessions when needed, including office hours and critical incident debriefing.
- Have a robust network in the Boulder area so that plan members can quickly access care.
- Have demonstrated experience with First Responders.
- Offer specialized care for LGBTQIA+ and other groups employees identify with.
- Provide customized programming for peer support leaders in Fire, currently working with the Building Warriors program.

Cigna also provides easy continuity of care for those employees that need to transition services from EAP to a medical provider.

Glossary

Coinsurance

The percentage of costs of a covered health care service you pay after you've paid your deductible. For example, after the deductible is met, the plan may be 80% and you may pay 20% until the Out-of-Pocket Max is reached.

Copayment (Copay)

A copay is a flat dollar amount you pay for specific covered services upon each visit to the provider. It is not impacted by the plan deductible, coinsurance, or out-of-pocket maximum.

Deductible

The amount you must pay out of pocket for covered expenses before the insurance company starts to pay.

Embedded Deductible (PPO Plan)

In an embedded deductible health plan, the policy will have two deductibles: the individual deductible for each family member and the family deductible. When one family member accrues enough medical expenses to meet the individual deductible, coinsurance and cost-sharing will be provided by the insurer for that specific family member. Once multiple family members' medical expenses surpass the family deductible, the insurer begins to provide cost sharing for all members of the family.

Evidence of Insurability (EOI)

This is documentation that provides a record of a person's past and current health events; it is used by insurance companies to verify whether a person meets the definition of good health. It is only required in certain circumstances.

Explanation of Benefits (EOB)

After you receive medical services, your insurance will provide you with an EOB. It will outline details regarding how your insurance processed your medical claim, including what portion of the charges your insurance paid and what portion, if any, you are responsible for paying.

Flexible Spending Account (FSA)

An FSA is a tax-advantaged account that lets you put money aside on a pre-tax basis to pay for a wide range of health and/or dependent care expenses (as defined by the IRS). Unlike the HSA, any unused funds remaining after the plan year ends will be forfeited.

Formulary

A formulary is a list of drugs (both generic and brand name) selected by the health plan as the drugs preferred to treat certain health conditions.

Health Savings Account (HSA)

An HSA is a tax-advantaged medical savings account available to enrollees in a Qualified High Deductible Health Plan (HDHP). Pre-tax contributions are made to the member's account and can be used for a variety of IRS qualifying medical, dental, vision, and prescription expenses. The HSA is a member-owned account and funds roll over from year to year. The HSA is subject to the IRS contribution limits.

In- and Out-of-Network Providers

Benefit plans develop networks by contracting with doctors, hospitals, labs, etc., who have agreed to provide health care services to members at negotiated rates. You generally pay less out of pocket when you use in-network providers.

Non-Embedded Deductible (HDHP Plan)

There is no individual deductible. This means that the overall family deductible must be reached, either by an individual or by the family, in order for the insurance carrier to begin paying benefits.

Out-of-Pocket Maximum

The maximum amount you will pay out of pocket for covered medical expenses per calendar year, including your deductible. After your share of covered expenses reaches this annual limit, the plan pays 100 percent for eligible network services for the remainder of the calendar year.

\$100

HOSPITAL INTENSIVE CARE BENEFIT per day (maximum of 10 days per confinement for each covered sickness or accident for each insured)

Payable for each day when an insured is confined in a Hospital Intensive Care Unit because of a covered accidental injury or covered sickness. Once benefits are paid, if an insured becomes confined to a Hospital's Intensive Care Unit again within six months because of the same or related condition, we will treat this confinement as the same period of confinement.

This benefit is payable in addition to the Hospital Confinement Benefit.
